Our Mission

The Beautification Committee is a group of volunteers appointed by the Village of Williamsville Board of Trustees whose mission is to beautify the Village by designing, planting, and maintaining the following Village of Williamsville public gardens:

- Mural Garden in Pocket Park at 5565 Main St. between Village Hall and the library
- Memory Garden at Garrison Park
- Heritage Garden of 1812 at the intersection of Main & Evans St.

The committee embraces a welcoming, pollinator-friendly, historical, educational, cultural, and artistic environment that nurtures and highlights community pride and engagement.

Working as a flexible team, the committee shares garden ideas and knowledge with the community and each other while enjoying the outdoors, forging friendships, and improving the aesthetics of the entrusted public greenspaces.

How We Work

- We hold four regular planning meetings, the second Tuesday of February, March, April, and October at 1pm in Village Hall. Meetings are not mandatory for members and minutes are issued to keep all members informed.
- Spring Garden Clean Ups start in April or May, planting takes place at the beginning of June with weeding and watering throughout the season, and seasonal decorating as needed.
- Most of our garden sessions are approximately one hour long. Members are informed of upcoming sessions by text and/or email and are encouraged to participate as much as they are able.
- A watering schedule is created for each garden and members are invited to sign up to help with watering.
- The Committee plans two to three community events annually. Members are invited to help plan, prepare and attend the events.
